Dr. S. calis the attention of the public to the
following advantages of his improved system:
1st. The testh of his manufacture will never
corrode nor change color by any acids, and are
three fourths lighter than any other.

2d. No tseth or roots need he extracted, as the
artificial ones can be inserted over them.

3d. The roots will be made inneeded, as permanent ones can be made immediately, thereby
preserving the natural expression of the face,
which, under the old system, is frequently disfigured.

3th. This work has been fully tested for over
five years by many of the first chemists and
physicians of this and the old country.

Dr. S. has also invented a white indestructities metal filling, with which the most sensitive
tests can be filled without pain, and can build
up a perfect sound tools on any ide roots, which
will last through a lifetime.
